

## Sports Premium Report (2017-2018)

Landau Forte Academy Greenacres appreciates the contribution of PE to the health and well-being of its children. We also acknowledge that a broad, balanced, high quality curriculum and extra-curricular activities have a positive impact on concentration, attitude and achievement.

We are committed to ensuring that all pupils receive a minimum of 2 hours of PE per week, delivered by well-trained and enthusiastic teachers. The Sport Premium funding is allowing us to develop teacher confidence in order to further the children's physical skills.

We have termly inter-house competitions in KS2 as well as a full summer sports day for both Key Stages, covering many areas of the PE curriculum. Teachers and coaches provide a wide range of after school sports clubs, both for team and individual sports. Pupils from Landau Forte Academy Greenacres regularly participate in local sports competitions and events in Tamworth, thanks to the support and commitment of staff and parents, which is very much appreciated.

### **What is the Sports Premium?**

The PE and sport premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. The Government are spent over £450 million on this funding over the 3 academic years 2013 to 2016, which is being extended this academic year. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children. From September 2017, each school receives **£16,000** plus an extra £10 per pupil: here at Greenacres, this means **£19,140** a year and the money can **only** be spent on sport and PE provision in schools. For 2018-19 we expect this figure to be **£19,680**.
