

Landau Forte Academy Greenacres

Our Academy Newsletter: 23rd February 2024

Parents' Evening — Thank you for attending the evenings and I hope you enjoyed looking at your child's work. If anyone was unable to make the evenings please contact the teacher for a catch up.

World Book Day — For this year we will be dressing up and celebrating on Friday 8th March. As usual this is a celebration of reading books and authors. We are asking the children to dress up as a character from a book, either fiction or non-fiction. All children will come home with a new book provided by school. In addition we are running a competition with book prizes. The children can bring in a potato on Friday that has been made to look like a character of their choice. These will be displayed and judged in the hall. Please use any art and craft items you have available and let your imagination run wild!

Thank you — I would like to thank parents for collecting the children on time yesterday after we were given short notice that the school would be without water and we had to close at 1.30pm.

Swimming — On Wednesday 21st February, a number of swimmers from KS2 took to the water for the Tamworth School Swimming Gala which was held at Tamworth Enterprise College. The children represented the school fantastically and all swimmers performed amazingly with a number of children qualifying for the finals which will be held later on in the year. Congratulations!

Additional Resources

Landau Forte Academy Greenacres now has additional resources for its sensory rooms, thanks to funding from local children's charity, Simon's Heroes.

These additional resources are already making a difference; the children are far more engaged and interactive and it has enhanced the level of support we provide.

We are very grateful to Simon's Heroes for their generous donation.
