Scope of the policy

This policy applies to Landau Forte Academy Greenacres.

Purpose of the policy

Introduction

This policy covers all educational visits that occur outside the school premises. This ranges from walks around the locality to residential visits of several days' duration. It includes also Outdoor and Adventurous Activities.

Aims and Objectives for Educational Visits

Our fundamental aim at Landau Forte Academy Greenacres is to provide the best possible education for all our pupils. It is the aim of the academy to place a high value on diversity, treating every member of the school community as an individual, and meeting the needs of all, taking account of gender, ethnicity, culture, religion, language, sexual orientation, age, ability, disability and social circumstances. In doing this, we aim, therefore, to raise the achievement of all the children in the school.

Educational Visits and Outdoor and Adventurous Activities are an integral part of the children's education at Landau Forte Academy Greenacres. They offer opportunities to enrich the curriculum, enabling the children to have first-hand experience of a wide range of topics and activities. On residential visits especially, there is opportunity to develop social skills which have a long-lasting beneficial effect.

Policy Detail

Nature of Educational Visits

The school runs a wide range of Educational Visits. These may include:

- Walks around Amington and the surrounding area, including to the local church.
- Day visits to places of historical, environmental, religious or other interest to support specific curriculum areas.
- An annual residential visit for children in Year 6.

Health & Safety

The Educational visits co-ordinator must have attended the course run by Staffordshire County Council and adhere to the guidance given.

Before a visit can commence Staff must carry out an initial visit to consider the suitability of the visit and if there are any risks to the children. The Academy uses the EVOLVE system, which is an on-line system for the planning, approval and management of educational visits, sports fixtures and extra-curricular activities.

It is proven to reduce paperwork, simplify procedures, produce self-review and inspection preparation data, and improve staff confidence in that they automatically follow both employer, and national guidelines, as the system is a national database, accessed via a service level agreement (SLA) with Staffordshire County Council.

Evolve has been designed and developed by a team with extensive experience of implementing and managing IT systems in schools, and planning and co-ordinating educational visits. It is modular, flexible and designed to promote efficiency and confidence in those that use it.

All trips must be recorded using the EVOLVE system, showing full details of the visit, activities, attendees and all associated risks, with proposed controls. The Group Leader for the proposed trip will input these details and the Office Manager will check for completeness before forwarding to the Principal, who will approve all proposed trips.

In addition, for those trips that involve residential, adventurous/high risk and/or foreign travel, these will be reviewed and approved by the County Educational Visits Co-ordinator prior to the trip going ahead. In view of this, all trips of this type should be submitted six weeks in advance of the proposed date.

The Year 6 residential visit venue is provided by Staffordshire County Council and the relevant checks have been carried out.

Personnel

The school's Educational Visits Co-ordinator (EVC) is the Office Manager, S Tomson. This role may be carried out by somebody other than the Principal, who also has other specific responsibilities.
