Dear Parent / Carer

Further to some recent communications that we have received, I am now writing to you to give you a further update on the current situation with the building at Greenacres and on provision for the children's continuing education.

Although the current arrangements are working well, and the children have risen to the challenge of the situation brilliantly, we are not looking to continue with the current arrangements beyond the summer holidays. We can assure you that we are working very hard to secure the best possible accommodation for our children for September, but at this stage are not able to provide further information regarding this until it is secured.

As things currently stand, or until we have information that confirms otherwise, the Greenacres building cannot be occupied. Unfortunately, it takes a significant amount of time to arrange for all the necessary specialists to come on to the site to establish the next steps. However, we have had three sets of specialist contractors on site over the past three weeks to complete their analysis and evaluation of the situation and provide recommendations for the next steps. Buildings experts will continue investigative work over the coming weeks, in parallel with planning the arrangements for September.

As we mentioned last week, we have put some temporary toilets on the Greenacres site to address the needs of pupils and we are also currently trying to organise the implementation of hot meals going forwards.

We will continue to share any information and potential next steps as soon as possible. We do understand that the current situation is unsettling for families, and we would like to thank you for your continuing support and patience in this matter. Please be assured that the Trust is working tirelessly to secure the best possible outcome for the whole Greenacres community.

If you have any further questions, please do not hesitate to contact me.

Yours sincerely

A handwritten signature in black ink that reads 'LRBridge'.
